

How to make a referral

Affect offers two easy ways to make a referral

- 1) Fill out a referral form. Go to www.affecttherapeutics.com/referrals then click the "Refer Someone" button. Our team will verify insurance coverage and follow up with your referral directly via phone/email/text.
- 2) Call us at [888-594-7015](tel:888-594-7015). Our team will walk you through the information we need. This is a great option if you are currently with your referral (so we can talk to them directly), or if you want to confirm insurance coverage before placing the referral.

Members are enrolled after a 60-minute intake appointment, which we aim to schedule within 24-48 hours. After enrollment, Member Advocates coordinate care with the referring partner.

Who is a good fit for Affect?

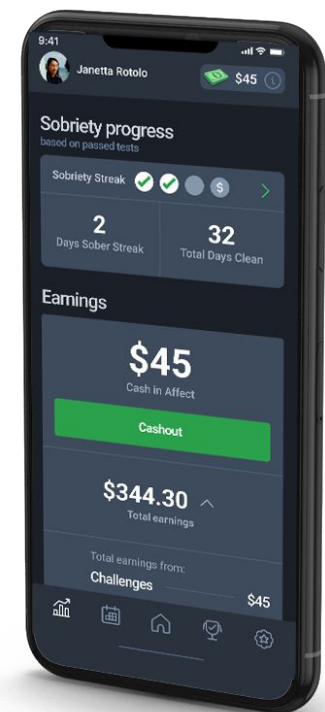

Someone who:

- Has a primary diagnosis for stimulant use disorder (methamphetamine, cocaine, or prescription stimulants) or alcohol use disorder
 - ◆ For a polysubstance diagnosis, please reach out to discuss. In many cases, we can help!
- Is over 18 years old
- Requires a continuing care solution after exiting detox, hospitalization, rehab, or sober living
- Lives in a rural area or otherwise has difficulty accessing care
- May need supportive medications for co-occurring mental health conditions, including anxiety, insomnia, and depression

If someone does not have a smartphone, we can help! We track local resources for smartphone access and we are happy to coordinate and support them. We also help with insurance.

Scan here for instant access to the referral form.

Questions?

Want to learn more about Affect and how we work before you make a referral? Our Community Partnerships team is here for you and happy to help!
